We follow the same procedure for long-term, short-term, and permanent hires.

## **Manpower support to Oil and Gas**

New Birlik has secured its position in the list of manpower support agencies for oil and gas in Qatar. We are renowned for filtering the right candidates who can work tirelessly in the tough settings and environment of the oil and gas industry and yet achieve their dreams in Qatar. As a responsible oil and gas manpower supply agency, we source candidates that truly fit for specialized job description. We conduct rigorous rounds of interviews to sift the candidates, and the ones who pass the first round of scrutiny will be selected for training and onboarding sessions.

We understand that not every candidate is fit for a hard-working role in the oil and gas industry. Thus, we keep filtering candidates regularly and updating our database so that we always have access to the resumes of candidates fit for the industry. The oil and gas companies in Qatar are always looking for honest and hardworking people with proven calibre to work for them.

Reach out to us, and we will hire the best recruits for you.

## **Complete Manpower Support**

We are recognized for providing comprehensive manpower support solutions in Qatar. We supply manpower to different projects as per your business's requirements. The primary benefit of coming to us is that all the workforce will be on our payroll and thus, we have the liberty to supply skilled and semi-skilled workers for different projects as required.

Along with supplying manpower for oil and gas, we are supporting and supplying manpower solutions to the following industries:

### ***(i).Construction companies***

Construction companies play a vital role in Qatar's infrastructure development, and their success hinges on skilled and dedicated labourers. At New Birlik, we recognize the critical importance of supplying these companies with the right talent to meet their project requirements.

In addition to providing skilled and semi-skilled labourers, we go the extra mile by understanding the specific needs and work environment of each construction company. This allows us to tailor our manpower solutions to match their granular requirements accurately, ensuring seamless integration into their teams and projects.

Our commitment to excellence in construction manpower support extends beyond mere supply – we strive to be strategic partners in the success of construction giants, contributing to the continued growth and development of Qatar's infrastructure landscape.

## **MEP (Mechanical, Electrical, and Plumbing)**
